- **Code 2, Expects to remain in this facility:** if the resident (or family or significant other, or guardian or legally authorized representative) indicates that he or she expects to remain in the nursing facility.
- **Code 3, Expects to be discharged to another facility/institution:** if the resident (or family or significant other, or guardian or legally authorized representative) indicates that he or she expects to be discharged to another nursing facility, rehabilitation or another institution.

NF Section Q Requirements

Nursing Facility (NF):

Qo4ooA: Reviewing/Developing/Updating Discharge Plan

- A review should be conducted for the care plan, the medical record, and clinician progress notes, including but not limited to nursing, physician, social services, and therapy to consider the resident's discharge planning needs.
- Resident's expectation as expressed/communicated should be recorded, whether they are assessed as realistic or not.

NF Section Q Requirements

Nursing Facility (NF):

Q0500B: Identifying Interest in Returning to the Community

Question: “Do you want to talk to someone about the possibility of leaving this facility and returning to live and receive services in the community?”

Item Q0500B requires that the resident be asked the question directly (*unless the resident has said “no” to Q0550A, “Does the resident, or family or significant other or guardian, if resident is unable to respond, want to be asked about returning to the community on all assessments (rather than being asked yearly only on comprehensive assessments).”*

- **Code 0, No:** if the resident states that he or she does not want to talk to someone about the possibility of returning to the community.
- **Code 1, Yes:** if the resident states that he or she does want to talk to someone about the possibility of returning to the community. *This code is intended to initiate the Referral Step (Q0600).*
- **Code 9, Unknown or uncertain:** if the resident cannot understand or respond and the family or significant other is not available to respond on the resident’s behalf and a guardian or legally authorized representative is not available or has not been appointed by the court.

NF Section Q Requirements

Nursing Facility (NF):

Qo600: Making/Documenting the Referral Process

**Question: Has a referral been made to the Local Contact Agency?
(Document reasons in resident's clinical record).**

- **Code 0, No: Referral not needed:** Resident responded yes to Qo500B but the resident's discharge planning has been completely developed by the nursing home staff, and there are no additional needs that the SNF/NF cannot arrange for OR if resident responded no to Qo500B.
- **Code 1, No: Referral is or may be needed:** Resident responded yes to Qo500B but the referral to the LCA has not been initiated at this time. Care planning and progress notes should indicate the status of discharge planning and why a referral was not initiated.
- **Code 2, Yes: Referral made:** Resident responded yes to Qo500B. The facility care planning team was notified and initiated a referral to the local contact agency.
